DST-FIST Supported & Star College Scheme by DBT

IQAC NEWSLETTER -2020

15th August, 2020

Volume III Issue II

"The Function of Education is to teach one to think intensively and to think critically. Intelligence plus character - that is the goal of Education." - Martin Luther King, Jr.

IQAC plays a vital role in developing an institution into a quality education center. It brings forth the achievements of the institution and regulates academic activities with the objective of sustained academic growth, identifying the areas that need improvement with novel ideas.

The Goal of IQAC of our college is to channelize and systematize the efforts and measures of an institution towards academic quality. In the post NAAC accreditation scenario, the IQAC is projected as an embedded function of the college, harnessing synergies from all its constituent units. As a part of a mandate of an all-encompassing quality enhancement in the college, the IQAC newsletter serves as an important conduit in the effort of spreading important information of the College and its activities on a periodic basis.
