**We need technology in every classroom and in every student and teacher's hand, because it is the pen and paper of our time, and it is the lens through which we experience much of our world.**

David Warlic

*"Education is the most powerful weapon which you can use to change the world.*

*Nelson Mandela*

I feel delighted and proud to release this issue of IQAC newsletter which speaks of the efforts and troubles taken by the faculty and students of the college for continuing the journey of teaching and learning during difficult times of COVID-19 Pandemic. Using technology for education, provokes student's curiosity, boosts their engagement, and leads to better learning and comprehension.

Irrespective of several challenges associated with the digital world, Aloysians were constantly engaged in various academic as well as co-curricular and extracurricular activities as demanded for holistic development of a student. I appreciate the hard work of the IQAC and its commendable effort in promoting and sustaining quality within the campus and congratulate the members on the publication of this newsletter.

**Rev. Dr. G.VazhanArasu**

**NATIONAL TRAINING PROGRAM ON**  
Intellectual Property Rights and Patents - A New Vision  
Organized on 15th Oct 2020

The term Intellectual Property Rights (IPR) has become a household name. It is a prerequisite for better identification, planning and protection of invention or creativity. Right to recognition is the form of IP manifested in patentable and is granted for invention which falls the requirements of novelty and utility under the stringent examination and approval procedure prescribed in the Indian Patent Act, 1970. IPR and Righting plays a key role in economic growth and that an adequate legal framework for its process and protection is very much needed. The national training program on Intellectual Property Rights and Patents: A New Vision offers a succinct but comprehensive course on IPR and patenting and its importance to business and intellectual class.
