Session 2021-2022

Report of Nature Club

St. Aloysius' College, Nature Club, organised a rose plantation on September 24th, 2021, focusing on the objective of raising social awareness and improving student understanding of human interdependence and our environment. The plantation was organised to create awareness and mobilise student engagement in environmental preservation and conservation. All the UG, PG students and teachers participated in this program. The nature club planted a total of 75 saplings of rose on the college campus garden. This programme has helped to connect students closer to nature and has taught the students the value of an environmentally pleasant environment. The plantation was conducted under the able guidance of Principal Rev. Dr. G. Vazhan Arasu and the contributions of Dr. Sonali Nigam, Dr. Shikha Bansal, Dr. Runa Paul were noteworthy.
