

Report on Teaching in School

2021-2022

As part of social responsibility the Department of Mathematics taught mathematics in classes 6th, 7th and 8th of Govt. Middle School Kosamghat on date 14-3-22.

The teaching was focused on concepts of geometry through real life examples. Mathematical terms in English were also introduced to the students. In class 8th a quiz was also held and chocolates were also distributed to the students.

The initiative was well appreciated. The faculty wanted us to help & guide them on regular basis,
