Teaching Skill Development by Student-to-Student Teaching

Date: 1st to 17th November 2020

Teaching Skill Development by Student-to-Student Teaching activity was organised by the students of third year for the second-year students and first year students. The third year taught the topics of the curriculum of the second year and first year. The activity was conducted on 17th November 2020 on online platform.

The goal of the activity was to have cooperative learning activities to have a collaborative experience to interact productively with their peers. This activity engaged all students and allowed them to take an active part in their own learning. It increased their retention of the content and made the education process more fun. The students were asked to make the lesson plan and prepare the presentations. There were 135 students in the activity. At the end the activity was concluded with the teachers and students reflection and feedback. Students were very active in the development of their learning, establishing self-directed learning, and making the learning process more interesting and inspirational. The overarching process of students-teaching-students was very rewarding.

Vocabulary Booster Activity by Book Review

Date : 3rd to 23rd December 2020.

Book Review Competition was to inculcate the reading habit among student and to help enhance the thinking, analysing and summarizing capacities of Students. By creating the book review contest, we encouraged readers to share impressions and recommend works they found admirable and captivating and address the issue of rediscovering works that may have become neglected, forgotten or marginalized in the digital age. This is done by reading and evaluating a given book, and summing it up in terms of how well it has been written and/or how well the author has handled the subject matter. A compelling review can inspire people to pick books they may not have chosen on the basis of their usual searching preferences. An inspiring review can become a literary design in itself, a new and intimate link between the content and the reader. The activity was organised by Dr. Pearly Jacob in offline mode. There were 75 participants in the activity.

The Winners were:

Manvi Shukla BBA II Year
Shruti Pandey BBA II Year
Prateek Khanna BBA I Year
