Report of Red Ribbon Club

MPSACS

Activities

Red Ribbon Club Committee

Incharge:

Dr. Priyanka Sinha

Member:

Dr. Manju Dixit

Student Members:

- **President:** Nishtha Vadhwani
- **Vice President:** Anjali Kushwaha

Office Bearers:

- Sonam Thakur
- Elish Tirkey
- Rohit Kujur

Objectives of Red Ribbon Club (RRC):

- To create awareness about HIV/AIDS and other sexually transmitted infections (STIs) among students and the community.
- To promote safe and healthy lifestyles, especially among youth.
- To encourage voluntary blood donation and organize blood donation camps.
- To reduce stigma and discrimination against people living with HIV/AIDS (PLWHA).
- To educate students about prevention methods such as safe sex practices and use of protection.
- To develop leadership qualities and social responsibility among students.
- To spread awareness through rallies, seminars, workshops, and awareness campaigns.
- To promote gender equality and respect in relationships.
- To encourage peer education and active participation of youth in health-related issues.
- To collaborate with health departments and NGOs for community outreach programs.

Event 1-REPORT ON BLOOD DONATION CAMP

Introduction

A Blood Donation Camp was successfully organized at St. Aloysius College (Autonomous), Jabalpur on 17 September 2025. The camp aimed to promote the spirit of voluntary blood donation among students and to contribute towards saving lives.

Objectives of the Camp

- To create awareness about the importance of blood donation
- To encourage voluntary blood donation among youth
- To support healthcare services by ensuring availability of safe blood
- To instill social responsibility among students
- Organization of the Camp

The camp was organized in collaboration with a certified blood bank/medical team. Proper medical arrangements were made to ensure safe and hygienic blood collection. Prior awareness was created through posters, announcements, and student volunteers.

Participation

Students, faculty members, and staff participated enthusiastically in the camp. A significant number of donors came forward to donate blood voluntarily, reflecting their commitment towards social service.

Procedure Followed

- Registration of donors
- Basic health check-up (blood pressure, hemoglobin level, etc.)
- Blood donation under medical supervision
- Post-donation care and refreshments

All necessary precautions and safety measures were followed throughout the camp.

Outcome

The blood donation camp was a great success. A considerable number of units of blood were collected, which will help patients in need. The camp also helped in spreading awareness about the importance of regular blood donation.

Event 2 -REPORT ON HUMAN CHAIN AND EXTEMPORE COMPETITION ON WORLD AIDS DAY

Introduction

On the occasion of World AIDS Day, an awareness programme comprising a Human Chain activity and an Extempore Competition was organized on **05 December 2025** at St. Aloysius College (Autonomous), Jabalpur. The programme aimed to spread awareness about HIV/AIDS and promote social responsibility among students.

Objectives

- To raise awareness about HIV/AIDS prevention and control
 - To encourage youth participation in social awareness activities
 - To promote confidence and public speaking skills among students
 - To eliminate stigma associated with HIV/AIDS
-

Activities Conducted

1. Human Chain Activity

A human chain was formed by students within the college campus to symbolize unity and collective responsibility in the fight against HIV/AIDS. Students held placards displaying awareness messages and slogans, attracting attention and spreading important information.

2. Extempore Competition

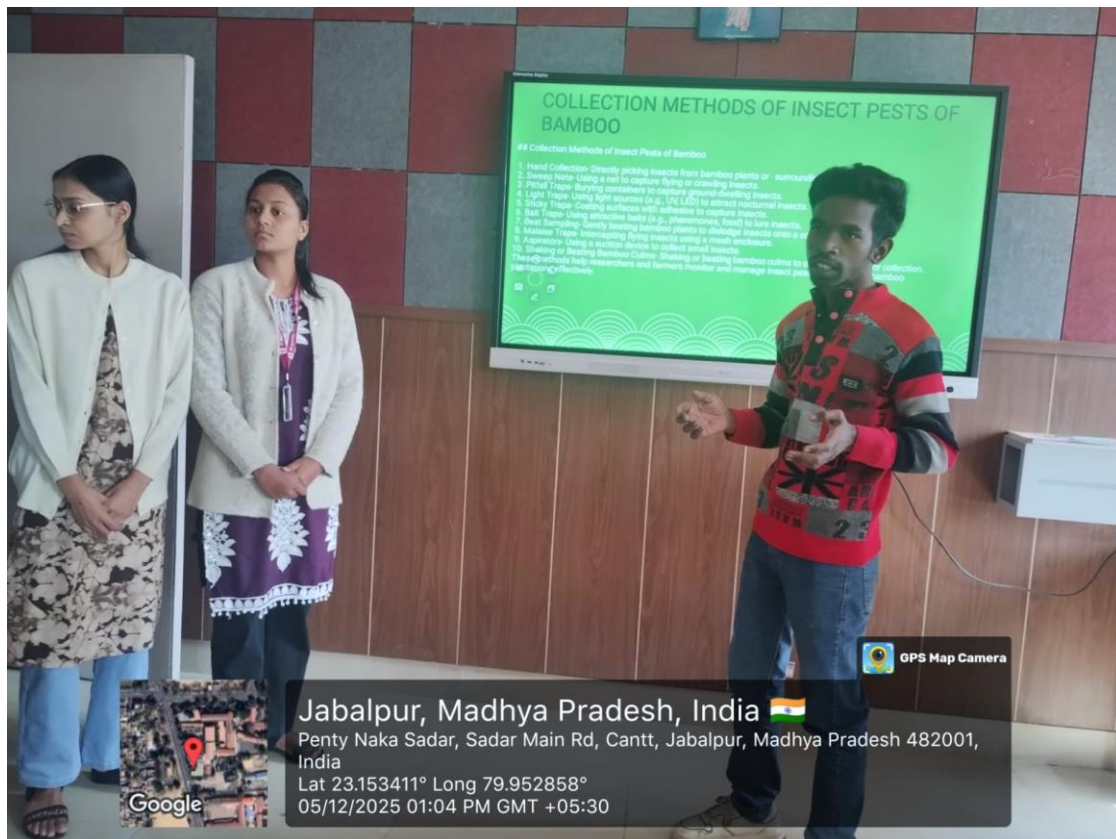

An extempore competition was organized where students spoke on topics related to HIV/AIDS awareness, prevention, and social impact. The activity helped students enhance their communication skills and express their views confidently.

Participation

A total of **55 students** actively participated in the programme. The students showed great enthusiasm and actively engaged in both activities.

Outcome

The programme was successful in spreading awareness and educating students about HIV/AIDS. It also helped in building confidence, improving communication skills, and encouraging social involvement among students.

Event 3-Report On Awareness Programme And Lecture Series On International Youth Day

Introduction

The Red Ribbon Club of St. Aloysius College (Autonomous), Jabalpur organized an Awareness Programme and Lecture Series on the occasion of International Youth Day on 12 January 2026. The programme was conducted with the objective of promoting awareness among students regarding health, HIV/AIDS prevention, and the vital role of youth in nation-building.

Objectives of the Programme

- To create awareness about health and hygiene among students
 - To educate students on prevention and control of HIV/AIDS
 - To encourage youth participation in social and community development
 - To inspire responsible behavior and leadership among students
-

Programme Details

The programme consisted of an informative lecture series delivered by knowledgeable speakers who highlighted key issues related to youth health and social responsibility. The sessions were interactive, enabling students to engage actively and clarify their doubts.

Activities Conducted

To make the programme more engaging and participatory, various competitions were organized, including:

- Poster Making Competition
- Essay Writing Competition
- Awareness Quiz

These activities encouraged students to express their creativity and understanding of the topics discussed.

Participation

The programme witnessed enthusiastic participation from a large number of students along with active involvement of faculty members. The students showed great interest in both the lecture sessions and the competitions.

Outcome

The awareness programme proved to be highly effective in sensitizing students about important health issues, especially HIV/AIDS prevention. It also motivated students to take active roles in spreading awareness and contributing positively to society.

Event 04-An awareness program on HIV/AIDS was organized to educate school students

1. Introduction

An awareness program on HIV/AIDS was organized to educate school students about the causes, prevention, and control of HIV/AIDS. HIV (Human Immunodeficiency Virus) is a virus that weakens the immune system, and AIDS (acquired immunodeficiency syndrome) is the advanced stage of this infection. The program aimed to remove misconceptions and promote healthy practices among students.

2. Objectives of the Program

- To spread awareness about HIV/AIDS
 - To educate students about modes of transmission
 - To promote preventive measures
 - To eliminate myths and stigma associated with HIV/AIDS
 - To encourage responsible behavior among youth
-

3. Date and Venue

- Date: [19 January 2026]
 - Venue: [Zoology Lab. St Aloysius College Autonomous Jabalpur]
-

4. Target Audience

The program was conducted for students of classes [mention classes, e.g., 8th–12th]. Approximately [number] students participated in the program.

6. Program Activities

The awareness program included the following activities:

a) Lecture Session

Students were informed about:

- What is HIV and AIDS
- Difference between HIV and AIDS
- Modes of transmission:
 - Unprotected sexual contact
 - Transfusion of infected blood
 - Sharing contaminated needles
 - From mother to child

b) Prevention Methods

- Use of safe and hygienic practices
- Avoid sharing needles
- Ensure safe blood transfusion
- Importance of awareness and testing
