**Mr. Nitin Swamy**  
Editors

I'm delighted and pleased to present this edition of the IQAC newsletter, which highlights the efforts made by the college's staff and students to keep up the unique tradition of teaching and learning. Using technology in the classroom increases students' involvement, sparks their interest, and improves their comprehension and learning. Despite a number of obstacles brought about by the digital age, Aloysians consistently participated in a wide range of extracurricular and cocurricular activities in addition to their academic studies, as required for the campus's overall development. We also commend the members for their hard work in maintaining and enhancing campus quality, and we extend our congratulations on the newsletter's publication.

Rev. Dr. G. Vazhan Arasu
