Ben Anton Rose, for his leadership of the process, and appreciated the efforts of the in-charges of the seven criteria, Dr. Roopali Ahluwalia, Dr. Sonali Nigam, Dr. Tuhina Johri, Dr. Mita Darbari, Dr. Reena Chauhan, Dr. Neelanjana Pathak and the Co-ordinator, with the heads of departments.
3. The members thanked the teaching and non-teaching staff, the students and the well-wishers of the college who supported the SSR and the Peer Team visit.

Address of the Principal: The Way Ahead

1. The Principal congratulated the members and said that the A++ grade is a recognition of the work of many years and not a time to rest. Although 2025-26 is not counted in the next assessment, the college has to think and work now on the strategies for the next accreditation, due in 2032, which is expected to be on the maturity-based pattern.
2. He said that the IQAC should move from keeping records for the assessment to a system in which every department builds its data, evidence and outcomes throughout the year, and from the number of activities to the difference they make to the students and the community.
3. The suggestions of the Peer Team will be taken up as the Action Taken Report of 2025-26, and the AQAR will be filed every year on time.

Continuing the Thought Process

1. The Principal requested the in-charges of the seven criteria to continue to think how their criterion has to move forward for the forthcoming accreditation, working with the departments concerned.
2. The in-charges welcomed the request and agreed to bring their views to the next meeting of the IQAC, so that a common plan for the college can be drawn.

Final Remarks by the Principal

The Principal thanked the members for their work and asked that the same discipline be kept through the new session. The meeting ended with a vote of thanks.
