I'm writing this feedback for the Online English Proficiency Course offered by the English Department, St. Aloysius College, which I attended from August 26th to September 12th, 2020. Overall, the course was excellently structured, offering comprehensive content covering reading, writing, listening, and speaking skills. The instructors - Dr. Niharika Singh and Dr. Mary Raymer were professional and provided valuable feedback promptly. The emphasis on practical application was beneficial, preparing me for real-world language use. However, more peer interaction opportunities could enhance the learning experience. In conclusion, I highly recommend this course for anyone seeking to improve their English proficiency in a flexible online setting.

I'm very grateful to the faculty for organizing such courses which not only helps to learn but also it enhance and build up several skills that is essential for future prospects. I've benefited a lot by pursuing this course. Small pronunciation and word stress has been cleared. I would suggest non-English speakers to take up this course to enhance their English language skill. This course has indeed improved my speaking skill to have more natural and fluently no matter what the situation is. Thank you for conducting such courses. We are looking forward for more such top notch course.

SESSION: 2020-21

During the time of lockdown I attended the Fast Track French course which was organized by English department and coordinated by Dr. Niharika Singh. Mrs. Sonal Chaturvedi was the Facilitator for the course who introduced the French language and made it very interesting. It was a wonderful experience though the whole subject was new for me we were taught everything very smoothly step by step. The use of alphabets, words, sentences and numbers in French. The whole course was conducted online and teachers were very cooperative and helped us at every step. I learned each and everything in the class and it was a great learning experience.

LATEX

2020 - 2021

Very useful course. It was worth it joining this course.

It helps in standard software to write technical and scientific reports containing mathematical equations or programming code. * We can use this in our research field.

LATEX 2020-21

Laten was very helpful in making presentation. In this we studied very short trick to present it as mathematical form in the presentation. The Assignments was also given and various random questions were also asked.
