### Case 3: Financial issues and Technical issues in attending classes

#### Mrs. Shraddha Shrivastava (Mentor)

Mentoring for the session 2021-22 was done in a structured manner. The formal and informal meetings were conducted with all the mentees twice the year on digital / telephonic mode. The mentoring included discussion on mental health, academic problems, financial problems and other relevant issues. One girl named KumKum Tiwari lost her father due to corona and was facing financial problem. She has been guided about the scholarships provided by the government as well as the institution under SAF. Another student viz. Ketan Agrawal was facing problems in attending online classes due to poor connectivity. Looking into his needs all the notes, PDFs and recorded lectures were duly mailed to him. Special classes on Financial Accounting and Business Mathematics were provided on demand of slow learners.

### Case 4: Financial issues

#### **Mentor Teacher: Dr. Mamta Gokhale**

The Students of B.Com (Hons.) 1<sup>st</sup> year were assigned for mentoring. All students were contacted through either telephonic conversation or offline meeting. They were asked to discuss about the studies going on in the college, their expectations from the college and also about if they have any problem or query. Students were made aware about the regular studies, activities conducted and facilities available in the college. Some students, particularly those are from small town and villages, find it difficult to communicate with their teachers and classmates, were guided to feel free in college atmosphere. Ms. Divya Bahlani and Ms. Harshita Channa were guided for getting books from college library. Mr. Divyanshu Mishra was motivated to take part in various competition. Ms. Isha Laghate was motivated to take part in other activities of her interest like NCC.
