Library Activity

At St. Aloysius College library, students from the B.Ed. departments regularly participate in the subject-wise rearrangement of books. This task is conducted under the guidance of the library staff and teachers. Through this library activity, students become familiar with the extensive collection available in the library, fostering an environment that encourages the development of reading habits.

Additionally, this practice allows students to easily find books that align with their interests, enhancing their academic experience. Furthermore, participating in this collaborative effort helps to cultivate a sense of cooperation and teamwork among the students. By working together to maintain the library's organization, students not only contribute to the upkeep of their academic resources but also build valuable interpersonal skills. This holistic approach not only enriches their educational journey but also prepares them for future professional and communal engagements.
