Enterprise Planning Document (ERP Document)

The college has an ERP system eCAS (Enhanced Campus Automation System), EDUSAC mobile app, academic management portals which take care of various activities like admission, attendance and internal assessment, office management, student dealing, accounts, and others for the efficient use and implementation of e-governance. The web-based ERP for the everyday working and management of Students/Staff information and administrative works. The major modules include Online Registration for Admission which helps in the paperless admission process, the Student Information System (SIS) to access any required information concerning students, a Library Management System that addresses the operational difficulties of traditional Libraries, Academics module for Attendance and information retrieval, Secure Examination System which automates the Examination process like online Exam Form submission, generating Admit Card with required reports, Tabulation Generation, Barcoding system, OMR based Evaluation system that uses the USB Dongle Security to prevent unauthorized access of software, integrated SMS Gateways for sending Results and other notification in addition to emails and an extensive Search and Reporting facility.

The College also has a Digital Library System, a Content Management Website developed using Moodle, which is web-enabled for Internet environments that cater to the digital needs of students. It helps students to access e-resources like eBooks, lecture notes, etc. through their individual login. OPAC in the Library helps the students in finding the book of their choice promptly. It also helps the library personnel in serving the students effectively. ERP eCAS major modules include Student Management System, Accounting System, Fee Management System, Online Admission System, Library Management System, Examination System, e-Documents, Attendance System, Office Administration, OMR and Barcode Integration, Online Payment Gateway integration, online results, SMS Gateway integration in accordance to TRAI Rules For Bulk SMS — Distributed Ledger Technology (DLT), Email Integration, ID-Card Generation, Student Information System, User logs, etc.
