Beyond Academics: Community Service

The NSS is committed to serve the rural India with the zeal of adoption of five villages namely Saliwada, Neemkheda, Pipariyakala and nearby villages of Jabalpur.

Title of the Best Practice: Adoption of Five villages by NSS unit of St. Aloysius College (Autonomous)

Objectives:

1. Engagement of community by students
2. To sensitize the students about rural livelihood.
3. To serve the rural community and underprivileged section of india.

Initiative Context: This initiative was undertaken to pursue the Unnat Bharat Abhiyan and Swachh Bharat Abhiyan of Central India. The villages are situated in Jabalpur district of Madhya Pradesh. The initiative was planned, instrumentalised and co-ordinated by NSS Units under the guidance of College Principal and Management.

Practice: The NSS unit conducted several meetings with the members of Grama Panchayats of all five villages and started the household survey to spread awareness about swachh Bharat Abhiyan and Unnat Bharat Abhiyan. More than 110 NSS volunteers participated and took the pledge of serving the people of these villages in accordance with NSS Motto- "NOT ME BUT YOU". To identify the problems A socio-economic survey was conducted, and counseling sessions/ actions were taken to rectify the problems. **Evidence of Success:** The survey was successfully conducted. A few photographs are attached as proof-

The screenshot shows the 'Unnat Bharat Abhiyan' dashboard. The main content area displays a table titled 'UBA Baseline Household Survey Form'. The table has five columns: S.No, District, Adopted Village, Total No. of Household Survey, and View Household's List. There are five rows of data. The 'View Household's List' column contains eye icons for each row. Above the table are two buttons: 'Add House hold Survey Form' and 'Download House hold Survey Form'. The dashboard also features a sidebar with navigation options like 'Dashboard', 'UBA Village Survey Form', 'UBA Household Survey Form', 'Quarterly Progress Report', 'Request Report', 'Financial Updates', 'Participating Institutes - Works', 'Apply for SEGs Proposal', and 'Communication'. The top right corner shows the user profile for 'PI Akhilesh Kumar Patil' at 'St. Aloysius College, Sad...'.

PURPOSE

- To make people aware of the “Swachh Bharat Mission” and to Encourage them to be a part of that.
- To make them realise the use of “dustbins”.
- Encourage them for “Afforestation”.
- To inculcate the feeling among local residents that “**KOI KAM CHOOTA NAHI HOTA**”
- To aware the coming generation about the challenges they may face in coming future and how to tackle them.

1. “Tree Plantation”

We planted several trees at Pipariya Kalan, Jabalpur. by this we gave the message of planting trees and make our environment green and clean.

2. “Made Pits For Making Composite Manure”

ST. ALOYSIUS' COLLEGE

Reaccredited 'A+' Grade by NAAC (CGPA 3.68/4.00)

College with Potential for Excellence (CPE) by UGC

DST-FIST Supported & Star College Scheme by DBT.

We Had Made a Pit About 4 Feet Deep So That The Local People Can Put The Vegetable And Fruit Peels Into It, Which Can Be Transformed Into Manure.

3. "WALL PAINTING"

To encourage the local people for using dustbin, we made a wall painting giving them a message for the same.

ST. ALOYSIUS' COLLEGE

Reaccredited 'A+' Grade by NAAC (CGPA 3.68/4.00)

College with Potential for Excellence (CPE) by UGC

DST-FIST Supported & Star College Scheme by DBT.

4. "ORGANISE A RALLY"

For promoting the feeling of cleanliness we had organised a rally giving the local people specially the students for making the surrounding green and clean.

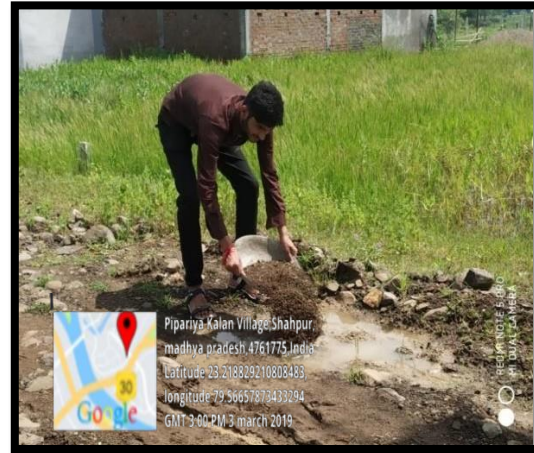

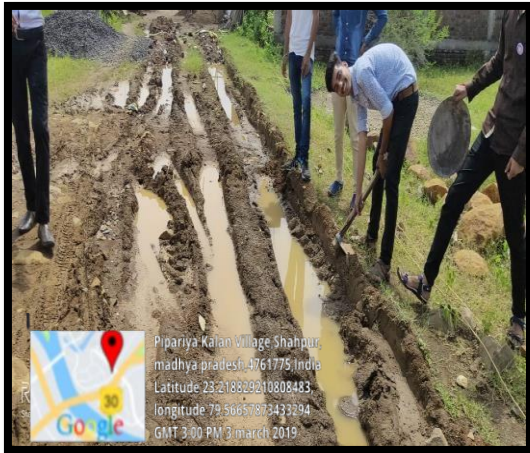

5. "Face to Face Communication"

We had also communicated with the elder people giving them the message for green and clean environment.

6. "Removed mud from road to make the transport easy"

the rainfall this year has made several records which are both fruitful as well as harmful for us. on one side it is a good sign for the winter crops, on the other hand it made the daily life of local quite difficult. we had cleared the wet mud from road thus making the transport easy.

7 “Nukkad Natak”

To explain someone, drama or story is the best way. We use this technique very often to tell the locals what we want to say.

Health

Number of programs was carried out in the year 2019-2023, under awareness and training camps on Health and Hygiene. These awareness camps made people realize the importance of sanitary sense and hygiene awareness amongst the targeted urban and rural areas. Also programs that consist of Yoga and Meditation awareness measures specially designed for socially, economically or physically challenged sections of the society has carried out, to help in improving mental and physical health of people. Swachha Bharat mission- with aim of making the surrounding areas Defecation Free Areas, the college witnessed a wide range of participation.

Under the banner of ISR the team SAMARPAN provide various health awareness and health check-up programs to the school children of our villages as well as our college campus. These are

ACTIVITIES HEALTH AND HYGIENE

Blood Donation Camp

Blood donation is a vital part of worldwide healthcare. It relates to blood transfusion as a life-sustaining and life-saving procedure as well as a form of therapeutic phlebotomy as a primary medical intervention. Donating blood is important because it saves lives. Blood transfusions are crucial in various medical situations, including surgeries, trauma care, cancer treatments, and for patients with certain medical conditions. Regular blood donations ensure an adequate and safe blood supply, helping meet the ongoing demand for various medical procedures. Additionally, donating blood can have positive health benefits for the donor, such as reducing the risk of certain illnesses and promoting overall well-being.

Outcome:

- Students come forward and donate for this noble cause.
- Enhance the availability of blood for medical emergencies.

Free Medical Camp

St. Aloysius College, ISR (Institutional Social Responsibility) team organized a free medical camp in village Pipariya Kala under the joint aegis of Mukti Foundation. It is noteworthy that Pipariya Kala village has been selected by the college under Unnat Bharat Abhiyan. Under this medical camp, all the villagers were checked for blood pressure, blood sugar, fever, cough, cold and proper counseling was provided to the patients. Medicines were also distributed to them, free of cost. In this camp, about 48 people got registered and got their treatment. This camp was organized under the able guidance and leadership of the Principal of the college, Rev. Dr. Valan Arasu. In this programme special contribution was provided by Dr. Vivek Jain, Dr. Rishab Upadhyay (Mukti Foundation), Ms. Mala Das and Dr. Runa Paul.

Outcome: Raised awareness about health issues.

Health Awareness Camp

The outreach activity had conducted on 07th October 2023 at Govt. High School Saliwada, village Saliwada (Jabalpur) by the Department of Education under the banner of Social Club of Education Department. The camp was held at the school premises. The main objectives of this programme are to provide free Homeopathic medical checkup by Dr. Rajdeep Sonkar (M.D.) Pune and Dr. Govind Kant Potphode (M.S.) Jabalpur. The outcome of this Programme was to provide with access to basic healthcare services such as immunizations, deworming, and first aid for school students. The free health camp was a valuable experience for the students, the B.Ed. students and the school community as a whole.

The learning outcomes of the Programme were as follows:

- Students received free health checkups and screenings
- Students were educated about preventive healthcare
- Students received access to basic healthcare services
- B.Ed. students gained many social values like to serve the society, cooperation, coordination and team work.
- The school community benefited from the camp The free health camp was a success and has the potential to make a positive impact on the health of the students and the community as a whole.

Health Awareness Camp

Under the banner of Aloysian Zoological Society on 24th August 2019, faculty members and P.G Zoology students organized a Health Awareness Camp on “Hemoglobin status of students” to create awareness among the school students at Seth Nathumal Jain Trust Girls H.S. School, Gorakhpur, Jabalpur. During the health camp hemoglobin percentage of 66 girl students were checked.

- Donation of Stationary & Grocery Items
- **Sharing Is Caring-Ek Prayas' & Feed the Need**

Clothes Distribution Activity "Happiness doesn't result from what we get, but from what we give" by Ben Carson. Through this activity students learn how to make changes in the world by distributing their old clothes to the needy.

Sharing is Caring- Ek Prayas & Feed the Need Under the banner of ISR all faculty members of the Department of English visited Sneh-Niketan- A Home for physically and mentally challenged children, Jabalpur, M.P. along with U.G./P.G. students of English Literature on 19 December 2019. The students and faculty members themselves donated and collected groceries, woollen clothes, blankets and other articles for the children.

The especially abled children were the prima-focus so the students baked cakes for them. Chocolates and other eatables were distributed. The children were overjoyed to receive gifts just before Christmas. They giggled, laughed, talked and played with the students and teachers.

The administrators said that the groceries provided, would last more than a month. It was a wonderful experience for teachers and students so it was decided to conduct such more activities in future as well. As is the name of the activity, 'Sharing is Caring- Ek Prayas.' It was truly joyous and satiating.

Sharing is Caring

It's not about achieving perfection, but rather about the level of effort we invest. A person's most valuable qualities are not just a mind filled with knowledge, but also a heart brimming with love, ears ready to listen, and hands eager to assist others, ultimately revealing their best selves. The Aloysian community emphasizes a balance between intellectual growth and philanthropy.

Visit to Nirashriht Virhashram

Samarpan Club visited Nirashriht Vridhashram, Medical College Jabalpur on 30 October 2021 to celebrate Diwali. This was an opportunity where the students were able to provide time to the elders and were emotionally touched. Gifts, Medicines and essential elements were provided to them. 35 students participated.

JOY OF GIVING

Distribution of Boxes to Non-Teaching Staff of SAC

The Department of Applied Economics and Honors, had the privilege of experiencing the positive impact of our college through the "Extension Activity" organized on October 23, 2019. The purpose was to instill values such as cooperation, compassion, kindness, unconditional love, respect for others, and equanimity among students. First-year students collaborated by collecting funds to purchase lunch boxes. Filled with gratitude, we distributed these boxes to the non-teaching staff as a token of appreciation for their selfless service, often behind the scenes, contributing to the success of every major and minor event in our esteemed institution. 158 student participants and 17 Number of Faculty participants in this event.

The learning outcomes of the Programme were as follows:

- Students will demonstrate increased understanding and application of cooperative and compassionate behaviours.
- Exhibit a heightened sense of gratitude and appreciation for the efforts of nonteaching staff.
- Students will demonstrate a strong sense of unity and service orientation in their interactions and activities.
- Students will instill the values of respect and equanimity in their daily lives, contributing to a positive and inclusive campus environment.

Visit to Ashadeep

The Department of Commerce, to mark the beginning of New Year by organizing a special event called "Joy of Giving" on January 16, 2022. The purpose of this event was to spread joy and make a positive impact on the community. As part of this initiative, faculty members and students from the department visited "ASHADEEP," a special school catering to mentally challenged children. During the visit, the students engaged with the children by organizing various games and fun activities. The focus was not only on providing entertainment but also on creating a joyful and inclusive atmosphere for the children. The activities were carefully chosen to suit the needs and

preferences of the mentally challenged individuals, ensuring that everyone could participate and enjoy. In addition to the engaging activities, the Department of Commerce demonstrated its commitment to community welfare by making generous donations. 166 student participants and 21 Faculty participants in this event.

The learning outcomes of the Programme were as follows:

- Students will develop a deeper sense of empathy and understanding for individuals facing mental challenges.
- Enhance leadership, teamwork, and communication skills.
- Engagement in the community, demonstrating a heightened sense of social responsibility.
- Experience personal growth through diverse interactions and experiences.
- Embrace philanthropic values, recognizing the significance of contributing to society.

Visit to Sisters of the Poor Old Age Home

St. Aloysius' College, (Autonomous), Department of Commerce organized a visit to "Sisters of the Poor Old Age Home" on 19 November, 2022. The primary objective of the visit was to engage students in an act of philanthropy and community service. The students took the initiative to collect essential items such as food, daily necessities, and other essentials to donate to the elderly residents of the old age home. This not only showcased the students' compassion but also their commitment to making a positive impact on the lives of others in the community. The students spent quality time with the elderly residents. The visit wasn't just about material donations; it was about fostering a connection, sharing moments, and experiencing the joy of giving firsthand. The interaction between the students and the elderly was not only beneficial for the residents but also proved to be a meaningful and educational experience for the students. This interaction likely created a sense

of empathy and appreciation among the students for the elderly, emphasizing the importance of companionship and care in the later stages of life.

The learning outcomes of the Programme were as follows:

- Practical understanding of the challenges faced by the elderly and the importance of supporting them.
- Development of empathy and appreciation for the elderly, recognizing the significance of companionship and care in later stages of life.
- Foster a sense of connection and mutual respect.
- Experience the joy of giving and making a positive impact on the lives of others.
- Gain valuable insights and life lessons through meaningful interactions with the elderly, contributing to their holistic development.
- Instill values of compassion, empathy, and community service among students, shaping them into responsible and caring individuals.

Visit to the Orphanage "Jagriti"

The Department of Commerce at St. Aloysius' College (Autonomous) organized a visit to the orphanage "Jagriti" on January 20, 2024. "Jagriti" serves as a day and night care shelter for 'Railway platform children,' who are often disadvantaged and in need of support. The orphanage is managed by the Jabalpur Diocesan Social Service Society, highlighting its commitment to providing care and assistance to vulnerable children in the community. During the visit, the students took the initiative to collect various items that would be beneficial to the orphaned children. These items included food, essentials, stationery, and daily necessities, reflecting the students' compassion and desire to make a positive impact on the lives of others.

Reaccredited 'A+' Grade by NAAC (CGPA 3.68/4.00)

College with Potential for Excellence (CPE) by UGC

DST-FIST Supported & Star College Scheme by DBT.

The act of collecting and donating these items not only demonstrated the students' generosity but also their willingness to contribute to the welfare of the less fortunate. Moreover, the visit provided an opportunity for the students to interact with the children at the orphanage and understand their experiences and challenges. Spending quality time with the children enabled the students to experience the joy of giving and the satisfaction that comes from helping others in need. Overall, the visit to the orphanage "Jagriti" was a deeply enriching and emotional experience for the students. It not only provided them with a greater understanding of the importance of empathy and compassion but also highlighted the significance of community service and giving back to society. Through their actions, the students demonstrated the values of kindness and generosity, making a positive impact on the lives of the orphaned children and enriching their own lives in the process.

The learning outcomes of the Programme were as follows:

- Increased awareness and sensitivity towards social issues and the needs of underprivileged children.
- Development of empathy, compassion, and a sense of social responsibility among students.
- Enhanced skills in organizing and participating in community service activities.
- Improved ability to communicate and interact with individuals from diverse backgrounds.
- Increased motivation to engage in future philanthropic and community service endeavours.

Visit to Virat Hospice

Department of English visited Virat Hospice on 18 March 2023 to sensitize the students about the act of giving and learnt the ways to make their lives helpful for greater good. A small contribution of some medical aid was collected and given by the students.

Environment

Various projects have been initiated by our institution in SAMARPAN under the banner of ISR, where every student contributed. These projects are done to enhance the quality of life of the people in the target villages.

Under the banner of ISR the team SAMARPAN conducted various programs to the school, villages as well as our college campus. These are

- Book Chaining Campaign
- Tree Plantation & Ornamental Crop Culture Program
- Vermicomposting
- Mushroom Cultivation

Objective of this campaign is “To save our mother nature “. As we all know that books are our true friends. Books are made by pages, and we know that page made by the tree. Many trees are cut to make book bars. To protect its nature, cutting trees should be stopped. Growing demand for book bars has also increased in the harvesting of trees.

Most of the activities of environment initiatives were initiated by NCC/NSS/ISR/SAMARPAN conducted various programs to the adopted villages, school as well as our college campus.

Vermicomposting

Vermicomposting aims to provide a platform for the development of entrepreneurship skill among the students belonging to both rural and urban background. The internship project was designed on the basis of the fact that the municipal wastes; animal wastes, kitchen scraps, non-toxic solids and liquid waste of the industries and household garbage's can be converted into environment friendly, useful and valuable product like Vermifertilizer of economic importance. It is useful for crop production and also alongside helps to maintain a healthy environment. Conversion of garbage by earthworms into Vermicompost and the multiplication of earthworms are simple process and can be easily handled by the students, farmers as well as by the inhabitants of urban society. Vermicompost contains seven times the available potash found in topsoil, as well as five times the available nitrogen and 11 times more calcium delivered gently in organic form to the plants. It does not have any adverse effect on soil, plant and environment. It improves soil nutrition, aeration and texture, thereby reducing soil compaction. It improves water retention capacity of soil because of its high organic matter content. It has a growth-promoting humid substance or phytohormone that accelerates root development and increases crop yield. It lessens pollution, as chemicals are not used and promotes sustainable development.

Above all additional income can also be generated from sale of excess earthworms and Vermicomposting produced. Experimental Design for Vermicomposting-

STEP-1 Preparation of Vermined

STEP-2 Collection of Wates

STEP-3 Semi -Decomposition of Organic Wastes

STEP-4 Stocking of Earthworms

STEP-5 Decomposition of Organic Wastes

Indirectly, mushroom cultivation also provides opportunities for improving the sustainability of small farming systems through the recycling of organic matter, which can be used as a growing substrate and then returned to the land as fertilizer. Mushroom cultivation can help reduce vulnerability to poverty and strengthens livelihoods through the generation of a fast yielding and nutritious source of food and a reliable source of income. Small-scale growing does not require any significant capital investment. Mushroom substrate can be prepared from any clean agricultural waste material and mushrooms can be produced in temporary clean shelters.

Education

“Education is the movement from darkness to light.” The transition of the ancient world into a contemporary world was driven largely by the enlightening wave of education. Education was the

impetus which propelled the man to dispel the darkness of ignorance and step into the light of knowledge and understanding. It instilled in man the quality of being rational and aware of the things around him. The biggest contribution we as responsible citizens can render to the holistic growth of our country is to promote education. The despairing reality of our country India is the deprivation of a large section of society from their basic right to education. This noble cause could be achieved by undertaking following measures:-

- To make people aware about the significance of education.
- The government should come out with policies to make the quality of Indian Education System more advanced.
- To promote education, we must strive to make education accessible and feasible.
- The government should enhance the standard of the government schools to provide the students to relevant knowledge.
- The government should promote skill-based education in schools and higher educational institutions.

Our little efforts could bring a quite inspiring change in the society and make it a better place to live. Under the banner of ISR the team SAMARPAN provide various educational programs to the school children of our villages. These are

- School pipariyakalan (co-edu) upto 5th class
- School pipariya khurd (co-edu) upto 5th class
- School khamariya(co-edu) upto 8th class
- Neemkheda & Shaliwada (co-edu) upto 12th class
- Gram Bhitoli, Gwarighat
- provided basic knowledge of computer with computer literacy program, awareness about proper Hindi language on the occasion of Hindi literacy day, basic knowledge of English language with English Literacy Program as well as with the help of maths classes we given them the knowledge of magical maths.
- Computer Literacy Program To give the basic awareness to all the non-computer students of the school Department of Computer Science and Applications organized Computer Literacy program.
- Magical Maths To provide the magical power of maths Department of mathematics organized School Teaching program. Place: Saliwada Govt. Higher. Sc. School English Literacy Program
- To provide basics of English language to all Hindi background students Department of English organized English Literacy program. Hindi Literacy Program To provide the awareness about proper Hindi language, Hindi Department organized a program on the occasion of Hindi Literacy Day.

Samarpan Club with a vision of building a caring community of students with harmony and happiness, works towards providing welfare services to those in need. Every year the club takes up initiative in extending hands to the society's underprivileged sections. In this academic session on 07 Oct, 2023 the club visited "Government School, Village Mehgava, Jabalpur" sharing the valuable inputs related to the importance of education and hygiene in their life. The students actively participated and distributed stationery and eatables to the children there. Around 55 students benefited from the same. To develop the awareness among students towards the importance of wearing a helmet the club on 7th Oct, 2023 organized "Helmet Awareness Campaign" for the college students. A team of 10 students from various classes communicating about the importance of wearing helmet through posters, and by sharing personal experiences. For motivating and enhancing their creativity govt school students are made to play various

Games- blind fold game, Logical reasoning questions for 5 to 8th standards were asked from students, Dance and singing imbuing the spirit of "being passionate about your goals" under the same banner was organized on that day, where the students enthusiastically participated and added different colours to the events. 25 students participated.
