Expert talk on "Research Methodology and Research Ethics"

Date: 6th January 2023

Report: Guest lecture on "Research Methodology and Research Ethics," held on July 6th, 2022, provided attendees with a comprehensive overview of the essential components of conducting credible and ethical research. Dr. Anjali D'Souza discussed the importance of a well-structured research methodology, including the selection of appropriate research designs, data collection methods, and data analysis techniques. She emphasized the significance of ethical principles such as informed consent, confidentiality, avoiding harm, and maintaining integrity and transparency in research practices. The lecture concluded with an engaging Q&A session, where Dr. D'Souza addressed participants' queries and shared practical insights, leaving the audience with a deeper understanding of how to conduct methodologically sound and ethically responsible research.

Awareness Program on “Role of a teacher in transforming education”

Date: 12th Feb 2022

Report: The Awareness Program on “Role of a Teacher in Transforming Education,” held on 12th Feb, 2022, highlighted the pivotal role teachers play in shaping the future of education. Dr. K.Das took the session and he emphasized that teachers are not just facilitators of knowledge but also mentors who inspire, motivate, and guide students towards holistic development. Through interactive sessions and expert talks, participants explored innovative teaching methodologies, the integration of technology in the classroom, and the importance of fostering critical thinking and creativity among students. The program also stressed the significance of continuous professional development for teachers to adapt to the evolving educational landscape. By empowering teachers with the necessary skills and knowledge, the program aimed to transform the educational experience, ultimately leading to a more dynamic and effective learning environment for students.

Online Program on “IPR and Patent Filing”

Date: 31st March 2023

Report: A recent webinar on Intellectual Property Rights (IPR) for teachers highlighted the importance of understanding and protecting intellectual property in the educational field. The session, led by experts in intellectual property law, provided an overview of key concepts such as copyrights, patents, trademarks, and trade secrets. Teachers were informed about the legal protections available for their own creative works, including lesson plans, educational materials, and research. The webinar also addressed the ethical use of third-party content in the classroom, emphasizing the need for proper attribution and adherence to copyright laws.
