Vaccination Camp

Objective: To promote immunization within the College Community

Date: 12th August 2022

Report:

On August 12th, 2022, the Women's Cell and the National Service Scheme (NSS) at St. Aloysius College jointly organized a successful Vaccination Camp. The camp was set up with the primary goal of providing vaccination access to individuals within the college community who had not yet received their COVID-19 vaccinations. A total of 171 students took advantage of this opportunity and received their vaccinations during the camp.

The initiative was particularly focused on reaching students who might have encountered obstacles in accessing vaccinations through regular healthcare channels. By bringing the vaccination process directly to the college, the Women's Cell and NSS aimed to ensure that all students had the opportunity to be vaccinated, thereby promoting wider immunization coverage.

Impact:

The COVID-19 vaccination camp significantly contributed to the prevention of COVID-19 infections within the college and the broader community. By providing easy access to safe and effective vaccines, the camp played a crucial role in reducing the potential spread of the virus, protecting students, faculty, and staff, and supporting public health efforts.

Guest Lecture on “Role of Women in development of Society”

Objective: To motivate the students to establish an Egalitarian society.

Date: 22nd September 2022

Report: Women Cell organized an Awareness Program on 22nd September 2022. The main objective of this program was to make the students aware of the problems faced by the women in society, encourage them to gain empowerment, and motivate the students to establish an egalitarian society. In addition, the program highlighted the importance of the role and status of women in the development process. The number of students' present were 147.

Impact: Empower students to take on leadership roles in promoting equality and social justice within their schools and communities. Provide opportunities for students to organize and participate in advocacy campaigns, service projects, and initiatives aimed at addressing inequality and promoting inclusion.

Driving Classes: "SHE" Drives

Objective: to promote independence and holistic growth among female.

Date: 5th October to 12th October 2022

Report: From October 5th, 2022, to October 12th, 2022, an empowering event named "She Drives" was meticulously organized. This initiative aimed to cultivate 4-wheeler driving proficiency in female students, thereby fostering both social empowerment and self-confidence. "She drives" provided a conducive environment for participants to overcome any hesitations related to driving, fostering a sense of autonomy and empowerment. A total of 25 students were privileged to partake in this transformative experience. This initiative signifies a stride towards gender parity and independence, exemplifying the institution's dedication to facilitating holistic growth among its female students.

Workshop on Sanitizer and Soap making

Objective: to create entrepreneurship skills in sanitizer and soap making.

Date: 6th November to 7th November 2022

Report: The women cell and department of chemistry jointly organized a workshop on "Sanitizer and Soap making" on 6th November to 7th November 2022 in Chemistry lab. Dr. Smarika Lawrence was the resource person. The workshop was successful in achieving its objectives of providing practical skills, fostering entrepreneurship, promoting public health awareness, and building community among participants. By empowering individuals with the knowledge and skills to produce hygiene products, the workshop contributed to community well-being and empowerment. Nearly thirty-five students were benefitted.

Impact: Students get familiar with the chemicals and solutions used for making sanitizer and soap. By equipping participants with the skills to produce hand sanitizers and soaps, the workshop contributed to promoting hand hygiene practices and combating the spread of infectious diseases within college campus and communities.

Two days Skill Development Program on “Hardware Maintenance and troubleshooting”

Objective: to make female students skillful in hardware maintenance and installation

Date: 04th to 5th February 2023

Report: The Women Cell organized a seven days training program on “Hardware Maintenance and troubleshooting” for female students. The aim of this program was to equip the students with the knowledge and skills required for computer hardware making them more technologically proficient. It is an interactive workshop where participants can work with actual computer hardware components. Provide them with the opportunity to assemble and disassemble computers under supervision. The activity gives valuable hardware skills, helping them become more technologically proficient and confident in their abilities. Hands-on labs were set up with a variety of hardware components and tools to enhance the learning experience. Allow students to practice what they learn during the program. Nearly twenty-eight girls were participated.

Impact: Hardware maintenance and troubleshooting courses help students develop a deeper understanding of computer hardware technology and its underlying principles. This enhances their overall technological literacy and prepares them to adapt to technological changes and advancements in the future.

Guest lecture on “Causes, symptoms, and treatments of Elephantiasis”

Objective: Awareness on Elephantiasis.

Date: 27th February 2023

Report: On the occasion of National Science Day, the Department of Zoology organized a significant event focused on raising awareness about "Filaria" or elephantiasis. The event included a guest lecture and a health awareness program for female students and staff members. This initiative aimed to educate attendees about the causes, symptoms, and treatments of elephantiasis, a neglected tropical disease that affects millions of people worldwide. The Department would like to extend its gratitude to Dr. Runa Paul and Priyanka Sinha for their valuable contributions in making this event a success. The number of students were 60.
