

# ST. ALOYSIUS' COLLEGE

(AUTONOMOUS), JABALPUR(M.P.)

Reaccredited 'A+' Grade by NAAC (CGPA 3.68/4.00)

College with Potential for Excellence (CPE) by UGC

DST-FIST Supported & Star College Scheme by DBT.

## Green Protocol

The Green Protocol of St. Aloysius College embodies a comprehensive commitment to sustainability and environmental stewardship, detailed through several key initiatives:

1. **Energy Conservation:** The college focuses on reducing energy consumption by adopting alternative energy sources and using power-efficient equipment. Traditional lighting has been replaced with energy-efficient LEDs to decrease electricity use.
2. **Waste Management:** The college actively implements a structured approach to waste management, prioritizing the minimization and recycling of solid waste and promoting the use of environmentally friendly materials such as paper, cloth, and jute over plastic.
3. **Water Management:** Rainwater is harvested and recycled for non-potable purposes, optimizing water use in landscaping and sanitation.
4. **Sustainable Transportation:** The campus promotes bicycles and electric vehicles to reduce carbon emissions and enforces a zero single-use plastic policy to minimize waste.
5. **Campus Greening:** Continuous development of green spaces through herbal gardens, hydroponics, and ornamental plants is prioritized, along with composting organic waste to enhance soil health.
6. **Building Efficiency:** Thermal insulation in buildings is upgraded to reduce energy required for heating and cooling, thereby lowering energy costs and carbon footprint.

7. Digital Integration: The use of digital communication tools has been expanded to reduce paper usage and enhance efficiency.
8. Environmental Education: Environmental literacy programs are integrated into all disciplines to raise awareness and foster a culture of environmental responsibility among students.
9. Environmental Auditing: The college conducts annual environmental audits and tracks its carbon footprint to ensure transparency and continuous improvement.
10. Global Warming Awareness: The central fountain, themed on global warming and the 'Save Earth' initiative, serves as both an educational tool and a reminder of the college's commitment to environmental sustainability.
