## Plantation Program – Environment Day

**Date:** 24 July 2020

**Report:** In observance of Environment Day and recognizing the imperative of tree plantation, the NCC cadets undertook a commendable initiative by planting saplings in their courtyards. A total of 25 cadets participated in this activity, each planting saplings in their respective home gardens. Additionally, as per the directive from the NCC, the cadets showcased their efforts by uploading pictures and videos of their tree plantation activities on their social media platforms. Furthermore, by sharing their experiences and activities on social media, the NCC cadets aimed to amplify the message of environmental conservation and encourage wider participation in tree plantation initiatives. Through their online posts, they sought to reach a broader audience and engage individuals from diverse backgrounds in environmental advocacy and action.

**Impact:** By actively participating in Environment Day observances and tree plantation activities, the cadets cultivated a sense of environmental responsibility and civic duty.

## Online Competition – Waste is Wealth

**Date:** 28 February 2021

**Report:** On the occasion of Science Day (28th February 2021), the Nature Club of St. Aloysius' College organized an online competition titled "Waste is Wealth," emphasizing the motto "Reduce, Reuse, and Recycle." The event aimed to encourage students to "regard before they discard," promoting a sustainable environment for the future. Both undergraduate and postgraduate students participated, showcasing their talent, imagination, and creativity by repurposing discarded materials such as broken bangles, copper wire, plastic bottles, newspapers, pots, and buttons into innovative and useful items. The participants' inventive approaches conveyed a powerful message about the careful use of resources and the importance of environmental conservation. The competition, supervised by Dr. Shikha Bansal, Dr. Sonali Nigam, and Dr. Runa Paul, successfully raised awareness about the need to 'love' and 'care' for the environment by creatively repurposing waste materials.

**Impact:** The competition not only enriched the students' knowledge and skills but also promoted a culture of environmental consciousness and proactive engagement in sustainability efforts within the college community.

## Online Guest Lecture - Vermicomposting & Vermiculture

**Date:** 31st May 2021

**Report:** The Department of Zoology at St. Aloysius' College organized an online guest lecture for PG students on "Vermicomposting & Vermiculture" as part of the Internship Training Programme. The lecture aimed to promote a sustainable environment for the future. Mrs. Aradhana Rai, Director of Vigyan Ashram in Jabalpur, was the guest speaker. She highlighted the importance of vermicomposting as a sustainable alternative that enhances plant growth and productivity through nutrient supply while being cost-effective and pollution-free.

**Impact:** The interactive session encouraged students to think critically about innovative solutions to environmental challenges, fostering a sense of responsibility toward environmental conservation and sustainability.

## Plantation Program – World Environment Day

**Date:** 5 June 2021

**Report:** NSS students from the college planted saplings at their homes and spread awareness through slogans. The program received support from Jagruti Nema, Neha Singh, Sakshi Kahar, Anjali, Shivani Verma, and Muskan Kuril. This collaborative effort aimed to inspire people to take action for environmental conservation and promote a greener and sustainable future.

**Impact:** Participants gained a deeper understanding of the importance of environmental conservation and the role of tree plantation in mitigating climate change and preserving biodiversity.

**नई दुनिया** नई नीति, नया संदेश
