NSS Day – Cleanliness Drive

Date: 24 September 2022

Report: NSS students from St. Aloysius' College celebrated NSS Day with zeal. They organized a cleanliness drive outside the college campus, showing their dedication to cleanliness. Armed with brooms and garbage bags, they cleaned outdoor areas. Their efforts inspired other students to join. About 47 NSS cadets took part in the event. The enthusiasm and dedication displayed by the NSS cadets served as an inspiring example for their fellow students, motivating them to actively participate in similar cleanliness initiatives. Their efforts not only contributed to maintaining a clean and tidy environment but also instilled a sense of responsibility and pride in the college community.

Impact: The NSS students developed a heightened sense of responsibility towards their environment and community through their active participation in the cleanliness drive.

Cleanliness Drive – Swachh Bharat Mission

Date: 19 October 2022

Report: St. Aloysius' College NSS students enthusiastically joined the Swachh Bharat and Fit India Freedom Run, organized by RDVV. This collaborative event sought to heighten awareness about the crucial need for urban cleanliness and the promotion of health and fitness through physical activities. By actively participating in cleaning the vicinity surrounding the college, the NSS students not only contributed to meeting the constitutional mandate of ensuring every citizen's entitlement to a clean and healthy environment but also demonstrated their commitment to civic responsibility and community engagement. With a participation of approximately 58 students, the event served as a testament to the collective efforts towards fostering a cleaner and healthier city. Through their involvement, students not only learned the importance of cleanliness and physical fitness but also developed a sense of ownership and responsibility towards environmental conservation and public health.

Impact: Students gained a deeper understanding of the importance of cleanliness and physical fitness in promoting overall well-being.

Awareness Program – Pollution Control Day

Date: 3 December 2022

Report: On the occasion of Pollution Control Day, an awareness program on water pollution was organized by the Department of Botany and Microbiology on 3 December 2022. The objective of the programme was to increase concern for Environmental protection among people. The students created awareness amongst natives and visitors about water pollution through posters and slogans at Gwarighat, Narmada River, and Jabalpur. 40 students of Botany participated in the drive by contributing thought-provoking slogans and eye-catching posters on water pollution causes, effects and remedies. The interaction of students with the people created a positive environment for motivating people not to pollute water and to communicate the same message to others. The faculty involved were Mrs. Roshni Choubey, Dr. Femina Sobin, and Dr. Durga Ray.

Impact: Students developed effective communication skills by creating impactful slogans and posters to convey complex environmental issues clearly and concisely.

Environment Awareness Program

Date: 14 January 2023

Report: The Department of Economics in collaboration with the Kadam Foundation organized an Environment Awareness Program. The program began with the celebration of the plantation of the 675th plant. The students participated in various activities such as speech and poems which evoked the necessity and responsibility of humans to respect, protect, and preserve the natural world from its anthropogenic (caused by humans) afflictions. A street play was also organized to popularize “Go Green” and intended to spur humanity into taking proactive steps to protect the environment. These students enthusiastically participated. Kanhaiya Chouksey, Rishi Singh Kaurav, Anand Kaurav, Sharad Jaiswal, Sameer Diwedi, Unnati Rajak, Pratham Kushwaha, Vipasha Shivdasani, Shivek Singh, Harsh Nema, Vikrant Lodhi, Apoorva Choudhary, Vaishnavi Bansal, Sanjay Kashyap, Aditya Swami, Yuvraj Burman, Arun Mishra, Anushri Pathak, Jitasha Pahiya, Albar Aditi, Ankit Giri, Eisha Verma, Harsh Pasi, Prateek Sondhiya, Jagrati Pachori and Puneet Pandey were the students who enthusiastically participated.

Impact: Participants gained a deeper understanding of environmental issues and their impact on the planet, leading to heightened awareness of the importance of conservation.

Plantation Activity – World Earth Day

Date: 24 April 2023

Report: The Department of Botany and Microbiology celebrated World Earth Day Earth Day. It is an annual celebration that raises awareness of the need to protect Earth's natural resources for future generations. To this end, students from B.Sc. and M.Sc. from the department organized a plantation drive. More than 22 plants were planted Near Dumna Road. Around 12 students participated in the plantation event. The teacher coordinator of this event was Dr. Durga Ray. Student coordinators for the event were Adarsh Kachhi and Shivani Kachhi.

Impact: Plantation drives have become a strong way to teach students about the environment and make them feel responsible for it.

Face-to-Face Communication – Green and Clean Environment

Date: 18 June 2023

Report: The NSS students of St. Aloysius' College engaged in meaningful face-to-face interaction with elder people in the community to promote the message of a green and clean environment. During these interactions, the volunteers emphasized the importance of environmental conservation and encouraged the elder individuals to actively participate in efforts to maintain cleanliness and promote greenery in their surroundings. Through discussions and dialogues, the NSS students sensitized the elder people to the significance of preserving the environment for present and future generations. Additionally, the NSS volunteers took the opportunity to raise awareness about menstrual hygiene among women in the community, particularly focusing on the use of sanitary pads.

Impact: Elderly individuals and ladies in the community gained a better understanding of the importance of environmental conservation and menstrual hygiene through their interactions with NSS volunteers.
